Administrators Desk

I have been with you for the past 6 weeks as the Interim Administrator. It has been a great opportunity for me to be here with so many hard-working, caring, individuals. It has been refreshing to see the close-knit community that really lives the CCR motto 'Committed, Caring, Responsive'. It has been my pleasure to meet you and make lasting friendships in the Lee County area. I will be transitioning back to our sister center, Potomac Falls Health and Rehab, in early February, resuming my role as Assistant Administrator. I hope that my time here has had as good an impact on all of you as it has on myself. I am confident that Lee will continue to be a center for excellence and strive to be the best. I thank each one of you for being so welcoming and I have enjoyed your southern hospitality. I know I will return to my position as a better person and Administrator from the experiences I have had the past weeks.

I appreciate all of you and wish only the best for the future at Lee!

- Andrew

Nursing Notes –

I hope everyone has had a great start in 2016!

One of the top priorities for nursing this year is our Quality Measures. These measures are found on the Nursing Home Compare website and tell us where we are in relation to other centers in the state as well as nationwide. There are several areas that health centers are scored on including pressure ulcers, weight loss, restraints and psychotropic medications. Currently, Lee Health and Rehab. is a 3 star center, which is average. We want to be better than average! Our nursing department is developing Performance Improvement Plans (PIP's) to target concerned areas, as well as providing our staff with additional education and inservices to ensure compliance. Our goals and focus will be ensuring that we are providing the very best care to our patients and residents. If you have any questions regarding our Quality Measures, center rating, or other concerns, please feel free to stop by.

Dietary News –

We extend a warm welcome to our newest team member Tommy Stapleton.

A huge thank you to all of the dietary staff that worked through the snow and inclement weather. They made special efforts to provide scrumptious meals for the patients and residents AND made sure our floor staff were well fed. We truly appreciate your care and dedication to our center.

Activity Adventures –

Everyone is invited to celebrate **Mardi Gras** with us, on Tuesday, February 9. The staff are preparing floats or will be dressed as performers for our annual parade through the center starting at 2:30pm. There will be beads and King Cake for all!

Make plans now to join us for **Fat Tuesday** Festivities
