## Administrators Desk

Please join me in extending a warm welcome to Dr. Abdul Almatari. Dr. Almatari is board certified in Internal Medicine and practices at Stone Mountain Health Services. He served as our Medical Director for over 10 years until August 2015, and we are excited to have him back. Dr. Almatari is a rare breed of physicians who take time to review all aspects of the patients history and conduct a thorough exam. In an effort to reduce the risks of side effects and drug interactions, he believes in only prescribing those medicines that are truly needed. His advanced skills and medical knowledge ensure that his patients receive the highest standard of care in our Center, which in turn helps to prevent returns to the hospital. As the Medical Director, he will have oversight of the medical provided in our Center. He is passionate about health and medicine and can be counted on to take time with our nurses to reinforce their clinical skills and knowledge. We look forward to renewing our relationship with Dr. Almatari and know that you will also see the benefits of his service to us and those we serve. - *Honor*

Wayne Denson

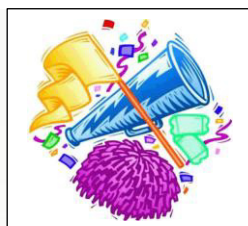

Terry and Wayne visit with residents, staff and families, sharing the ~~the~~ fellowship. They are heard every Wednesday morning at 9am on 101.9 WSWV, singing the old time hymns and praise songs that are well known throughout our community. The duo have been a welcome sight for many in our center, for the past 2 years. They are always on the move, looking for opportunities to bless and pray for others in need.
