Administrators Desk

The days are growing shorter, as we enter into the holiday season. Our lives are forever busy with family, work and leisure pursuits, it is easy to overlook all that we are thankful for.

I am thankful for our caring, compassionate, and professional staff who go above and beyond expectations daily to provide the very best in care for your loved one. They are supportive of families and co-workers, and are the backbone of our Center.

We are thankful for the team of physicians who are only a phone call away, and are attentive to the patients and residents needs.

We are thankful for the families who entrust us with the care of their loved one.

We are thankful for our patients and residents, for whom we are here to serve, and teach us so much about courage, perseverance and life. I am blessed to be a part of this family and community. I am excited to begin my tenure as the Administrator of Lee Health and Rehab. It is a joy to share smiles, kind words and warm embraces daily. I am fully committed to providing peace of mind to those we serve, our patients, residents, family and staff.

-Tammie
