Administrators Desk

Lee Health and Rehabilitation is pleased to announce that Tammie Yearly, RN, is our new Administrator. Tammie officially took over duties in November, and has been busy reviewing, developing, and planning strategies for the continuity of care of services we provide. As a health care provider for the Lee County community and surrounding area, it is important for

us to keep focused on trends and talent that are of benefit to our patients, residents and staff. We are continually learning, and acquiring new skills, equipment, and resources that enable us to provide the very best in care.

As the year comes to a close, we thank our families and friends for giving us the honor to care for your loved one. We are ever thankful for the lives we touch, the lives we are able to restore, and the peace we provided to those who passed on.

It is our hope for the coming year to continue to be a leader in this health care community.

Best wishes to all for a happy and healthy holiday season and prosperous new year!
