

LEE LIFELINE

A PUBLICATION FOR PATIENTS, RESIDENTS, AND FAMILIES

Administrators Desk

We have had such a mild winter, it is like we have not had winter at all. We are so thankful for the spring and newness of nature all around us. We are hoping that all of our families and friends remain healthy and happy during this season. The Flu season still lingers and we ask our visitors to postpone their visit if they are not feeling well or have been close to others that are ill. So far, we have had minimal confirmed Flu, and have taken measures in the past month to prevent further exposure.

With the approaching warm weather, please take a few moments during your visit to check your loved ones closet and drawers. Due to limited space, some heavier, warmer clothing can be taken home and replaced with lighter apparel. There are some fun activities planned for April and we look forward to celebrating National Nursing Home Week in May.

The staff at Lee Health and Rehabilitation remain committed to providing the highest quality care for your loved one. We appreciate all comments and concerns brought to our attention. We will continue to maintain open door policies, please feel free to come and discuss any situations or ideas you may have.

Wishing you a blessed Easter season!

-Tammie

Good-bye
winter,
Spring is in
the air,
Flowers are in
bloom,
You see color
everywhere.
-Becky Spence

The Activities Department is asking families for vintage photographs of their loved one, for display during National Nursing Home Week. This year's theme is 'Spirit of America' and we would like to line the hallways with photographs of our residents from their younger years. We believe the true Spirit of America lies in the experiences and dreams of those who built this country with the strength of their back and the sweat of their brow.

Please bring old photographs representing the coal miners, farmers, factory workers, homemakers and others representing the day to day labors of our folks. A copy will be made and your original will be returned to you.

See Laurie or Chanda in the Activity office BEFORE April 24.
