LEE LIFELINE

A PUBLICATION FOR PATIENTS, RESIDENTS, AND FAMILIES

We hold these
truths to be
self-evident,
that all men
are created
equal, that
they are
endowed by
their Creator
with certain
unalienable
Rights, that
among these
are Life,
Liberty and the
pursuit of
Happiness

As everyone knows, Independence Day marks the birthday of the United States of America. Here are some fun facts for you to know about this patriotic day!

Contrary to popular belief, only two Founding Fathers signed the Declaration of Independence on July 4, 1776. The majority of the signers penned their signatures on August 2, 1776.

The holiday does not celebrate the signing of the Declaration; it celebrates the adoption of the Declaration of Independence by the Second Continental Congress.

Independence Day became a Federal Holiday in 1870.

The original draft of the Declaration of Independence was lost.

The Pennsylvania Evening Post was the first newspaper to print the Declaration on July 6, 1776.
