Endings & Beginnings-

With the first of September, some say that summer is ending. Others may see it as autumn beginning. Throughout the ages, the arrival of September has brought some notable occurrences;

September 16, 1620- The Mayflower ship departed from England bound for the New World – America – with 102 passengers and crew.

September 9, 1776 – The United States came into existence as the Continental Congress changed the name of the new American nation.

September 13, 1814 – Francis Scott Key observed the bombardment of Ft. McHenry and was inspired to write the verses that later became the U.S. National Anthem.

September 22, 1862 – President Abraham Lincoln issued the preliminary Emancipation Proclamation freeing the slaves in Confederate held territories.

September 8, 1883 – The Northern Pacific Railroad across the U.S. was completed.

September 4, 1886 – The last major U.S.-Indian war came to an end as Geronimo was captured.

September 11, 2001 – The worst terrorist attack in U.S. history occurred as four passenger jets were hijacked, then crashed, resulting in over 3000 deaths.

As the days begin to shorten, let us reflect and remember our storied past, but also the glorious beginnings that continue to endure. Every day is a blessing, and we have an opportunity every day to be a blessing to others.

The Activity Department is sponsoring an outing to Arrow B Ranch on Thursday, September 28. We will be enjoying a picnic and amateur horse show. Due to the limited number of seats available on our van, we encourage families to provide transportation for residents who are able to travel by car. We will be providing picnic foods for all and cost of admission for our residents. If you like more information, please see Laurie or Chanda in Activities.

Arrow B Ranch is owned and operated by Adam & Morgan Burke.

It is a great place for a fun family outing, close to home!

August was SUPER!

We celebrated throughout the month with a variety of Hero Challenges, photo opportunities and an end of the summer SUPER PARTY!

Thank you to staff and families who helped make this event a SUPER success!

On Monday, August 21, a total eclipse of the sun was visible in the continental United States for the first time in almost 40 years.

Here in Pennington Gap, we experienced a 90% partial eclipse. Several residents, staff and family members joined us outside to watch this historic event. Residents and staff not wishing to be outdoors were able to watch the eclipse through a NASA live-feed on the big screen in the main dining room.

Our afternoon concluded with everyone gathering for Sun Chips and dip, Eclipse Gum, Sunkist soda and Moon Pies.
