

LEE LIFELINE

A PUBLICATION FOR PATIENTS, RESIDENTS, AND FAMILIES

We thank you
for the gift of
life:
for the breath
that sustains
us,
for the food
that nurtures
us,
for the love of
family and
friends.

-Vienna Cobb
Anderson

Since the settlement of the colonies, Americans were familiar with setting aside days of thanksgiving, prayer and fasting in response to significant events. In 1789, President George Washington issued a proclamation designating November 26 of that year as a national day of thanksgiving to recognize the role of providence in creating the new United States and the new federal Constitution. Later, President Abraham Lincoln took steps toward designating it a permanent federal holiday.

As we venture forth into the holiday season, be reminded of those that are not as fortunate as we. Living, working, and raising our families in safety and comfort, being free to pursue religious beliefs and ceremony without threat, coming together as communities for the greater good. We, at Lee Health and Rehabilitation, remain committed to this community, and will continually strive to be a leader in health care.

May you truly be blessed with health, happiness and thanksgiving!
