

# LEE LIFELINE

A PUBLICATION FOR PATIENTS, RESIDENTS, AND FAMILIES

The  
power of  
LOVE is  
the  
greatest  
miracle of  
all

There is only 6 weeks until spring!  
Whether the ground hog sees his shadow or not,  
it is STILL 6 weeks until spring.

We get excited with intermittent unseasonably warm days, and fail to remember the wrath of 'Old Man Winter', when unexpected storms hit. The Great Blizzard of 1888, began 2 weeks before the spring equinox, taking down telegraph poles with strong winds and blinding snow, and just 11 years , later, in 1899, an amazing 54 inches of snow paralyzed many of the eastern states and major cities. More recently, 'Snowmageddon ' dropped 31 inches of snow, beginning February 5, 2010, before a blizzard hit with 50 mph winds and bringing another foot of snow!

To everything and everyone there is a season. There is beauty in new fallen snow, the first buds of trees, the golden waves of grain waiting for harvest. Whatever the season you most enjoy, embrace it's wonder and unpredictability with awe. It will only last a while...

## Kellie Eads, LPN, WCC

Kellie is our certified wound care and ostomy nurse at Lee Health and Rehab. She has been with us since June 2013, and became the full time wound care nurse in February 2016. Kellie recently has completed courses in sharp wound and debridement and received certification in January of this year.

Kellie has a strong desire to improve the quality of life for others, and works tirelessly to ensure that those with wounds have the highest quality of care. She is dedicated and compassionate, always giving her full attention to her patients. She has a great relationship with our physicians and local wound care professionals.

Kellie is a true asset to Lee Health and Rehab.

# National Skilled Nursing Care Week

## May 13-19, 2018

In skilled nursing care centers across the country, each person has a unique story to tell. If you take the time to listen to how life's most significant events, relationships, and experiences have shaped who others are today, you'll cultivate a shared sense of purpose and deeper understanding of your center and the surrounding community.

Narrating one's life story can be an enriching experience for both the story teller and the listener. This *National Skilled Nursing Care Week (NSNCW)*, formerly known as National Nursing Home Week, centers will collect life's most treasured moments to celebrate every individual's personal narrative.

In 2018, skilled nursing care centers will pay homage to the kaleidoscope of perspectives that residents, families, and staff bring to interactions every day with the theme, "*Celebrating Life's Stories*".
