To survive in

Administrators Desk

There's an old saying: The only thing that remains the same, is that everything changes!

This is no different for Lee Health.

As many of you know, Tammie Yeary, RN, is embarking on a new adventure, as she joins her son and new granddaughter, Aurora, in Phoenix Arizona. As much as we are going to miss her, we want nothing but the best for her and her new direction in life. Ashley Jones, our current Director of Nursing, will begin the Administrator in Training (AIT) program under the supervision of Doug Wright, LNHA. Doug is a seasoned administrator and will bring a wealth of knowledge and experience for our staff. The process will take approximately 6 months, at the conclusion of Ashley will become the new Administrator. She will continually strive for nothing less than excellence for our Center.

We pray everyone will rally behind these upcoming changes and ensure the vision of our Mission Statement: To provide peace of mind to those we care for; our patients, residents, families and staff.
