LEE LIFELINE

A PUBLICATION FOR PATIENTS, RESIDENTS, AND FAMILIES

Administrators Desk

We have survived the winter thus far,
And spring is around the corner!

As everything blooms anew,
Take a moment to see what can 'bloom' in your life.

It is never too late to refresh yourself or start a
chapter over.

Love and Prayers to all

Sharing our Wisdom

Lee Health and Rehab. is excited to participate in the upcoming observance of National Skilled Nursing Care Week in May. We will be focusing on the collective wisdom that residents have to offer and share.

Wisdom is a synthesis of knowledge and experience. Residents offer a unique perspective based on their life experiences, reminding us to be present, celebrate the small moments, and value connections. There is much insight, purpose and wisdom to be learned from our elders.

CONGRATULATIONS to Rebekah Rutledge for completing her Bachelors of Science degree in February 2020.

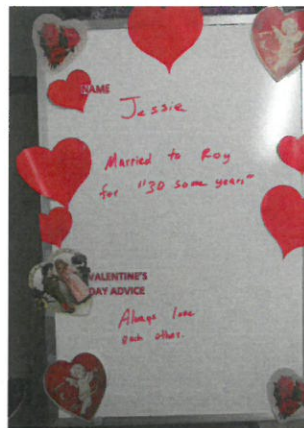

Rebekah started as a CNA in July of 2007. She states she was always intrigued with nursing and aspired to be nurse or a doctor from a young age. Rebekah received her LPN license in 2009 and RN in 2013. She enjoys furthering her education and assisting our patients, our Center and our Corporation. We are honored to have Rebekah as our Director of Nursing at Lee Health and Rehabilitation.
